Curriculum Vitae

■ Professional Summary

Results-driven software developer with 15+ years of experience building scalable, high-quality solutions for both public and private sectors. Proficient in Java and Kotlin backend development with Spring Boot, mobile development (Swift, Objective-C, Kotlin), and DevOps practices. Skilled team leader and mentor with a strong grasp of TDD, Agile, SCRUM and Continuous Delivery pipelines.

Recognized multiple times for delivering impactful solutions and driving innovation. Passionate about clean architecture, solving complex problems, and continuous learning.

■ Key Skills & Technologies

Programming Languages: Java, Kotlin, Swift, Python, Typescript, Javascript, Objective-C

Frameworks: Spring Boot, Quarkus, Hibernate, Flyway, JUnit, Mockito, Maven, Gradle

Tools & Technologies: Jenkins (Pipelines as Code), Docker, Kubernetes, AWS, Rancher, Openshift, JBoss, Nexus, Artifactory, SonarQube, Git, GitHub, GitLab

Practices: TDD, Agile (Scrum), Continuous Delivery, Pair Programming, Code Review

Soft Skills: Leadership, Mentorship, Teamwork, Communication, Problem Solving

■ Professional Experience

2023 - Present	**Software Developer**
Bank of Brazil *(Banco do Brasil - BB)*	• Easily integrated the team, bringing with me best practices of software development, such as: pull requests, code reviews, TDD, Continuous Delivery...
	• Created many microservices (Java + Quarkus), and REST APIs, and integrated them with the frontend (in Angular).
	• Created over 100 Unit tests to keep our coverage over 90% in all microservices maintained by our team.
	• Kept our projects updated, with current dependencies, using the best coding practices and high code coverage.
	• Have been recognized twice (2023, 2024) as a "culture highlight" (the top 10% employees that foster a collaborative team culture) for my contribuitions for the company.

April 2025

2018 - Present	**Senior Java Developer**
Brazilian Federal Court of Accounts	• Led development of 500+ validation rules ensuring compliance in government personnel records, saving thousands of manual auditing hours.
(Tribunal de Contas da União - TCU)	• Migrated 100+ Jenkins jobs to declarative pipelines, improving CI/CD efficiency.
	• Built tools to detect procurement irregularities, reducing audit time and improving accuracy.
	• Mentored junior developers and onboarded new hires, fostering a culture of collaboration.
	• Awarded twice ("Reconhe-Ser" Awards – 2021 & 2023) for impactful projects enhancing operational efficiency.
	• Partnered with infrastructure teams to optimize deployment and monitoring of applications.
2021 - 2023	**Mobile Developer**
Therapeutics Paths	• Developed and published iOS (Swift) and Android (Kotlin) apps from scratch.
(Rotas Psi)	• Built core features including authentication, push notifications, and real-time data sync.
	• Collaborated with cross-functional teams to align technical work with business goals.
	• Provided backend architecture advice and helped with tech hiring decisions.
2014 - 2018	**Java / iOS Developer**
e-Sec Digital Security	• Led backend development for secure digital solutions using JBoss and Spring Boot.
(e-Sec Segurança Digital)	• Migrated legacy Java Applets to modern desktop applications.
	• Maintained and enhanced a cryptographic library with PAdES support.
	• Improved Objective-C iOS app by integrating advanced digital signature protocols.
2009 - 2014	**Internships (Software Developer)**
Various Companies	• Gained experience with Java, JSP/JSF, and enterprise development.
	• Helped implement CI/CD pipelines using Jenkins and SonarQube.
	• Contributed to agile development teams and deployment automation.

April 2025

■ Education

| 2017 | **Instituto de Educação Superior de Brasilia (IESB)**
Postgraduate Diploma – Mobile Development |
| 2009 - 2015 | **Universidade de Brasília (UnB)**
Bachelor's Degree – Computer Science |

■ Other

Languages	Portuguese (Native)
	English (Fluent)
	• Cambridge Linguaskill 180+ / 200 (April 22, 2025)
	• IELTS 8 / 9 (march 25, 2017),
	• TOEFL ITP 623 / 677 (march 22, 2015)
	Spanish (Intermediate)
Volunteer Work	• Boy Scouts of Brazil (2009–2018)
	• Tech Events (2009–2014)
Interests	• Rocketry
	• Board Games
	• Lego Builds
	• Sci-Fi
